Product Description

BASIC USE

The 614 Series extreme switches are designed to provide reliable activation of any automatic door in extreme environments.

The 614 series are virtually indestructible switches. The 1" diameter button utilizes a patented piezo material that has no moving parts. Ideal for industrial clean rooms or other wet environments, the 614 is completely waterproof. An optional integrated 30 second time delay is also offered.

Two different size face plates are available. Both sizes come in either blue powder coated aluminum or stainless steel. The 614 series switches will fit a single-gang electrical box or a 1 3/4" door frame. Surface mounting boxes are also available.

Warranty

MS Sedco, Inc. guarantees this product to be free from manufacturing defects for three years from date of installation. Unless MS Sedco is notified of the date of installation, the warranty will be in effect for three years from the date of shipment from our factory. If, during the first three years, this product fails to operate and has not been tampered with or abused, the unit can be returned prepaid to the factory and be repaired free of charge. After three years, the unit will be repaired for a nominal service charge. **Limited warranty is in lieu of all other warranties, expressed or implied, including any implied warrantability of merchantability. No representative or person is authorized to assume for MS Sedco any other liability in connection with the sale of our products. All warranties are limited to the duration of this written limited warranty. In no event shall MS Sedco be liable for any special, incidental, consequential or other damage arising from any unclaimed breach of warranty as to its products or services.**

Maintenance

MS Sedco recommends that all maintenance and adjustments be performed by an AAADM Certified

Technician.

Technical Services

MS Sedco's staff of factory trained sales and service personnel offer design assistance and technical support. Local distributors are also available to assist in selecting appropriate devices for specific uses and to provide onsite installation.
