D38-MP Mounting Plate without Swivel Bracket

Product Description

BASIC USE
The D38-BDB is an optional bracket used to swivel mount the D38 sensor for unique or industrial door applications.

The D38-MP is an optional mounting plate that will adapt the D38 for mounting to a 1 3/4" door header.

Product Description

BASIC USE
The DRC is a rain cover designed for use with the D-series sensors on installations that require protection from direct rainfall. The DRC is made of steel and powder coated black.

ACCESSORY #1

Product Name

RL-2 Relay Lockout Module

Product Description

BASIC USE
The RL-2 is a relay lockout device designed for use with a presence detector (DH97) on automatic swing or fold doors. Since the door is normally detected when closing, the RL-2 locks out the presence detector relay during the closing cycle. To provide safety during this lock out time, a safety beam is required at the end of the safety zone for one way traffic to reset the RL-2. Consult ANSI/BHMA A156.10.

ACCESSORY #3

Product Name

DH97-BDB Bracket/Backplate
DH97-MP Mounting Plate without Swivel Bracket

Product Description

BASIC USE
The DH97-BDB is an optional bracket used to swivel mount the DH97 sensor for unique or industrial door applications.

The DH97-MP is an optional mounting plate that will adapt the DH97 for mounting to a 1 3/4" door header.

ACCESSORY #5

Product Name

DHRC Rain Cover

Product Description

BASIC USE
The DHRC is a rain cover designed for use with the DH-series sensors on installations that require protection from direct rainfall. The DHRC is made of tinted plastic.

ACCESSORY #2

Product Name

D38-BDB Bracket/Backplate
(Pictured With D38)

ACCESSORY #4

Product Name

DRC Rain Cover

ACCESSORY #6

Product Name

GDB Bracket
(Pictured With GD11S)

Product Description

BASIC USE
The GDB is an optional stand-off type bracket designed to allow our GD11S surface mount beams to clear garage door track hardware (shown with GD11S).

SENSORS & SWITCHES

### ACCESSORY #7

#### Product Name

12024 Open Frame 24V AC Transformer

#### Product Description

##### BASIC USE

The 12024 transformer is a screw mount type transformer used to convert a 120V AC power supply to 24V AC low voltage.

#### Technical Data

- Screw Mount
- Open Frame
- 2 Wire Type
- Listing: UL recognized component

#### Specifications

Primary Rated Voltage/Frequency:

120V AC/60Hz

No Load Secondary Voltage:

24V AC

Power: 24VA

Tolerance:  $\pm$ 0.5V

Thermal Cutoff: 125 °C, 2A, 250V

Weight: 1.46 lbs. (663g)

Size: 2 1/4"W x 2 1/4"D x 2"H

#### Availability & Cost

##### AVAILABILITY

Available internationally from manufacturer's authorized distributors; contact MS Sedco for the location of nearest distributor.

##### COST

Cost information on MS Sedco products is available from the manufacturer's authorized distributors.

#### Warranty

MS Sedco, Inc. guarantees this product to be free from manufacturing defects for one year from date of installation. Unless MS Sedco is notified of the date of installation, the warranty will be in effect for one year from the date of shipment from our factory. If, during the first year, this product fails to operate and has not been tampered with or abused, the unit can be returned prepaid to the factory and be repaired free of charge. After one year, the unit will be repaired for a nominal service charge. **Limited warranty is in lieu of all other warranties, expressed or implied, including any implied warrantability of merchantability, no representative or person is authorized to assume for MS Sedco any other liability in connection with the sale of our products. All warranties are limited to the duration of this written limited warranty. In no event shall MS Sedco be liable for any special, incidental, consequential or other damage arising from any unclaimed breach of warranty as to its products or services.**

#### Maintenance

MS Sedco recommends that all maintenance and adjustments be performed by an AAADM Certified Technician.

#### Technical Services

MS Sedco's staff of factory trained sales and service personnel offer design assistance and technical support. Local distributors are also available to assist in selecting appropriate devices for specific uses and to provide onsite installation.
