## Model ETP-LSM Line Seizure Module

### Architectural & Engineering Specification rev. 1/29/03

#### 1 General Description

- 1.1 The unit shall be a desk-mounted Line Seizure Module, model ETP-LSM, no substitutions. The Line Seizure Module shall allow a Talk-A-Phone Emergency Phone to share a phone line with a standard phone so that in the case of an emergency call, the Emergency Phone will seize the line.

#### 2 Construction

- 2.1 The unit shall measure approximately 4.13" W x 1.5" H x 5.5" D.
- 2.2 Unit shall weigh approximately one pound.

#### 3 Features

- 3.1 Standard phone shall retain the ability to make and receive calls when Emergency Phone is not in use. Emergency Phone shall not answer incoming phone calls.
- 3.2 If Emergency Phone is activated while a call is in progress on standard phone, Emergency Phone shall seize the line to call its preprogrammed number.
- 3.3 In case of power failure, unit shall automatically provide phone line to Emergency Phone.

#### 4 Electrical

- 4.1 Unit shall operate on 24VDC. 120VAC power supply shall be provided.
- 4.2 Unit shall have RJ11 jacks for connection to telephone line, standard telephone and Emergency Phone.

#### 5 Mounting

- 5.1 The unit shall be designed for desktop use.

#### 6 Warranty

- 6.1 Equipment shall be warrantied against any defects in material and workmanship, under normal use, for a period of twelve months from date of installation. In the event system is found by manufacturer to be defective within the warranty period, manufacturer shall repair and/or replace any defective parts, provided the equipment is returned to manufacturer.

7        **Manufacturer**

- 7.1        The Manufacturer shall be Talk-A-Phone Co. (773) 539-1100, 5013 N. Kedzie, Chicago, Illinois 60625, [www.talkaphone.com](http://www.talkaphone.com). THERE ARE NO EQUIVALENTS.
